EXPERIENCES

DATA ANALYST INTERN • REAL MADRID CF

March 2024 – June 2024

Led the implementation of data analysis in the Cantera Femenina, developing and maintaining interactive dashboards. These tools provided actionable insights on player development, significantly enhancing data-driven decision-making and improving the monitoring of player progress within the women's department.

DATA ANALYST ASSISTANT • JAMAICA FOOTBALL FEDERATION

January 2024 - Present

Ad hoc work with the performance analysts to evaluate games, oppositions and prepare pre and post match and tournament reports, contributing to improved team performance and competitive success in tournaments, including 3rd place in the CONCACAF Nations League.

VIDEO SCOUT • FC DINAMO TBILISI

August 2023 – November 2023

Conducted in-depth analysis of game footage twice weekly, creating detailed team and player reports. This enhanced scouting accuracy and improved the player database management system, contributing to more informed team recruiting decisions.

OPERATIONS LEAD • FJL SPORTS MANAGEMENT

September 2022 – August 2023

Partnered with the CEO to identify and evaluate players using video and data analysis. This enhanced the accuracy of talent identification, leading to strategic player recruitment decisions and contributing to the company's success in athlete representation.

VIDEO ANALYSIS INTERN • INTER MIAMI CF

January 2022 – April 2022

Captured and managed video footage from training sessions and home games, integrating comprehensive opposition analysis. Played a role in turning the team's performance around after losing 4 of the first 5 games, directly contributing to a series of improved match results, with an eventual play off finish.

PARTNERSHIP MARKETING INTERN • LA LIGA NORTH AMERICA

September 2021 – December 2021

Collaborated with the partnerships team to plan and execute high-impact activations, conducting thorough market research to develop compelling presentation decks and enhance activations. These efforts supported strategic decision-making and led to increased brand growth and viewership across North American markets.
